In Case of Errors or Questions about Your Line Of Credit Bill. If you think your bill is wrong or if you need more information about a transaction on your bill, write or ATTENTION: Customer Service at the address listed on the face of this statement as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

How Finance Charges Are Computed:

Finance charges begin to accrue immediately on each loan advance to you. To figure the finance charge for a billing cycle, we apply a daily periodic rate of finance charge to the "principal balance" of your loan account each day. To figure the "principal balance" for each day we take the beginning account balance and subtract any unpaid finance charges and credit insurance premiums (if any) that are due. Next we subtract the portion of any payments or credits received that day which apply to the repayment of your loans. (A portion of each payment you make is applied to finance charges and credit insurance premiums, if any.) Then, we add any new loans made that day. The final figure is the "principal balance."

Crediting of Payments or Deposits:

Payments or deposits to your account received by end of business day on any business day at any of our offices will be credited to your account that same day. Payments or deposits received after the close of business on any business day at any of our offices will be credited to your account the following business day.
